

Do you want to start your career in equine medicine? We are searching for **recent graduates** or **vets that are interested in equine medicine**: You are a recent graduate and now it's time to finally get hands-on experience in equine medicine? Do you want to find your specialty field? We offer you the possibility to get profound insight into our intensive care unit and into the daily life in our large equine clinic. As we also have got an ambulatory practice, you might get insight into the life of an ambulatory vet- treating horses in stable.

We are based in Baden-Wurtemberg, Germany in direct proximity to the Iffezheim International Racecourse. We perform high standard equine treatments including all fields of equine medicine (MRI, CT, surgery) and give heart and commitment into taking care of our equine patients.

We want to support you on your way into equine medicine and offer you an entry opportunity as:

Vet: recent graduate (m/f/d) for intensive care and emergency medicine

This is what we wish for:

- Veterinary degree (preferably EU)
- English fluently
- Passion for your equine patient and communication with their owners
- Motivation to gather profound experience and knowledge
- Team spirit to work in our friendly team who is always supporting each other
- Mutual trust and support are essential for you
- Basic experience with horses

This is what you can look forward to:

- A great working and learning environment
- High standard technical equipment
- Profound knowledge of equine intensive care as well as the possibility to find your own area of interest
- Further specialization
- In-house and external continuing education
- Adequate payment, working hours documented electronically and regular meetings
- A nice team, above and beyond the context of daily work

Are you interested in starting your career in our clinic? Getting to know all aspects of equine medicine at one location? Then we should definitely meet to introduce you to our staff and find a way to optimally help you on your first steps in the equine field.
