

Dear DVM, Vet Techs, Interns/Externs & CSR's,

Imagine yourself in a brand new facility by the beach with a well trained team around you while practicing the highest levels of animal medicine in a relaxed environment. It's not too good to be true.

We have a new, 10,000 square foot beachside practice in the desirable location of Venice, California and one in Sherman Oaks, California. Green Dog Dental & Wellness (Green Dog) is an outpatient general practice and referral center for dentistry, internal medicine, and cardiology. We have a board-certified internal medicine specialist and cardiologist on staff, as well as extensive imaging facilities.

At Green Dog your well-being is the priority. Our practice is an employee-first model of operation that focuses on our team's emotional, mental, and physical wellness first and foremost, giving each employee the tools necessary to give our patients superior care. It's our actual business model. There are no overnight, emergency, or critical care services. We offer health benefits, continuing education opportunities, and competitive salaries and bonuses. Green Dog can be your dream workplace!

Green Dog was founded by Dr. Ren Garcia who is also the owner and founder of My Pet Mobile Vet located in Beverly Hills. My Pet Mobile Vet, a fully equipped mobile veterinary hospital with all the medical, diagnostic and surgical capabilities of local veterinary hospitals, brings first-class, specialized veterinary care to our clients' homes.

We are proud members of the American Veterinary Medical Association, the California Veterinary Medical Association, Southern California Veterinary Medical Association, Beverly Hills Chamber of Commerce, Santa Monica Chamber of Commerce, Venice Chamber of Commerce, Los Angeles Chamber of Commerce, Main Street Association, and Better Business Bureau. Green Dog and My Pet have been voted Best Small Business and best Pet Related Business in Beverly Hills and Santa Monica three years running.

I look forward to speaking with you soon!

Nicole Garcia

Human Resources

WE'RE HIRING Veterinarians

Green Dogs mission is to create optimal animal healthcare and wellness through an Employee-First model of operation. A model where animal medicine is the result of great people-care first.

STOP DREAMING, START ACHIEVING.

IMAGINE

A workplace where the goal is prioritizing your emotional, physical, and mental wellness. A place where great animal medicine is the result of caring for you first.

Now imagine that workplace by the ocean in Venice beach.

GREEN DOG RULE OF 3

There are 3 parts to great animal care: the Employee, the Client, and the Pet

There are 3 parts to total wellness: Emotional, Physical, and Mental

We cultivate an environment where our employees, clients, and pets are always cared for emotionally, physically, and mentally.

MENTAL, EMOTIONAL, PHYSICAL HEALTH
