

ŠVÉDSKO

VETERINÁRI

Our clinics are located in about 70 locations in Sweden, from Tomelilla in the south to Kiruna in the north.

The salary for the position depends on background, specialism, training, location, overtime, weekend shifts (if applicable), etc. Approximately starting salary for just graduates starts around 3000-3200 Euro gross.

To be relevant for a position at Distriktsveterinärerna you need to be fluent in English, at B-level, and have a strong ambition to learn Swedish since you need to reach a good knowledge of the Swedish language, both orally and in writing.

You, who are applying for this position, need to be independent and on the same time you need to have the ability to work with others in a team. You need to be loyal, service-minded and have good judgment. As a veterinarian, you need to take part of the development and the improvement of your own work as well as the clinics work. You need to enjoy to work in an organization with quick changes, where we adapt and help each other to handle the situations that arise. At Distriktsveterinärerna you will be a very important employee and together with your colleagues you will be a part of fulfilling our assignment.
